Compare to Other Schools

The data for **Charlotte- Mecklenburg Schools** has been added to the comparison charts

below because **Bradford Preparatory School** is located in that county.

2020-21 Overall Performance

View Performance by School or District View Performance by Subgroup

Note on missing data: For the 2020-21 school year, the U.S. Department of Education and the North Carolina General Assembly (Session Law 2021-130) waived requirements for reporting the school-level accountability model and School Performance Grades: including achievement and growth. A condition of the federal waiver requires continued support for schools previously designated as Comprehensive Support and Improvement (CSI) and Targeted Support and Improvement (TSI). Likewise, Session Law 2021-130 requires continued support for schools and districts identified as low performing based on data from 2018-19 school year.

Additionally, as a condition of the federal waiver test performance must be reported in the school report card, along with the cohort

graduation rate, and the percent of English learners exiting such status. All of which are included in the 2020-21 School Report Card.

When possible, any stakes associated with the test results should be minimized. Schools and the state were not held to the 95 percent participation rule as required by the Every Student Succeeds Act (ESSA), but as a condition of the federal waiver, states were to report participation disaggregated by student subgroups. The disaggregated participation data were reported (1) for eligible students who took the tests and (2) for eligible students who did not take the tests. Please see the 2020-21 Participation Requirements report at Accountability Data Sets and Reports | NC DPI (https://www.dpi.nc.gov/districtsschools/testing-and-schoolaccountability/school-accountability-andreporting/accountability-data-sets-andreports#2020%E2%80%9321-reports-new!) for more information.

2020-21 Student Performance

Student Performance Student Performance by School/District by Subgroup

This section describes student performance in various test subject areas. Student test performance is reported as one of four achievement levels. Not Proficient is

below grade level. Level 3 is grade level proficient. Levels 4 and 5 indicate students are on track for career-and-college readiness. For grade 3 reading, the prior five achievement levels were used in 2020-21 so that there was no impact on the fulfillment of the Read to Achieve program. Levels 1 and 2 are below grade level, Level 3 is grade level proficient. Levels 4 and 5 indicate students are on track for career-and-college readiness.
